

## **Website Accessibility**

The Web Content Accessibility Guidelines (WCAG) define requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA.

The City of Augusta is fully conformant with WCAG 2.1 level AA. Fully conformant means that the content fully conforms to accessibility standards without any exceptions. This site has also been built using code compliant with W3C standards for HTML and CSS and displays correctly in current browsers. Using standards-compliant HTML/CSS code means that any future browsers will also display it correctly.

Please note that our website may also link to, or interface with, third-party websites that we do not control. These third-party websites may not have undertaken the efforts we have to comply with WCAG-2.1 AA standards.

## **Feedback**

We are working with our hosting provider Revize to identify and address any compliance issues on our site. We welcome your feedback on the accessibility of our website. Please let us know if you encounter accessibility barriers on our website.
